## The boring bit

Please note the whole party have to be on this offer. Guests not wanting to alcohol are welcome to choose bottomless hot drinks / soft drinks and non alcohol cocktails from the drinks menu.

From the first order of drinks, we allow 90 mins for bottomless drinks: Fresh drinks can be ordered only when a guest's current drink has been consumed. Fresh glasses will be used on each order.

We want you and our other guests to have a great time at our HOME, as such guests showing a "befuddled look" will be offered alternative, less "dizzy enhancing" drinks....
